

FORTUNE TELLER DIRECTIONS

Will you have horses in your future? Find out!

1. Fold each corner point into the center of the back side (marked with a dot).

2. Flip so that the flaps are facedown. Fold each corner into the center.

3. Fold in half to crease.

4. Unfold, and fold in half the other way.

5. Stick your thumbs and first two fingers into the four pockets. Push all the pockets to the center to begin playing.

To Use:

1. Choose a word on top of the fortune teller.
2. Open and close the center points the same number of times as the number of letters in the word, alternating sides.
3. Pick a number. Open and close the center points as many times as the number.
4. Pick another number. Open the flap, and read your fortune.
